Democratic State Committee
Calls a Convention.

PERTLE SPRINGS GETS IT.

The Committee Selects That Cool Re-
sort As the Place of Meeting—
Discussing the Date.

Special to the DEMOCRAT.

ST. LOUIS, Mo., July 15.—The democratic state central committee met in the parlors of the Southern hotel at 11 o'clock today, in pursuance of the call issued by Secretary Zevely, under instructions from Chairman Maffitt, last week.

The action of a large majority of the counties in the state had thoroughly convinced the members of the committee that the demand for the convention was such as to make a refusal to accede to it extremely ill advised, and the committee which had refused to issue the call a little more than a month ago was ready to reverse itself at the command of the masses of the party.

There were several enterprising towns anxious for the convention, but no especial fight for it had been made. Some wanted it held in St. Louis, but the country was opposed to this. Springfield, Sedalia and Pertle Springs were willing to entertain the democratic hosts, but the contest was not waged with the vigor usually exhibited at committee meetings.

The committee promptly decided to issue a call for the convention, and Pertle Springs was selected as the place for holding it.

Then came the real contest, fixing the date when the convention shall be held, and, pending the decision on this point, the committee adjourned for dinner.

PAVING FIFTH STREET.

Muddle Likely to Arise Over Failure to
File the Remonstrance.

Several weeks ago the council passed a resolution deeming and declaring it necessary to grade, curb and pave East Fifth street, from Hancock avenue to Engineer street, and the resolution was published, according to law, in the paper doing the city printing. With the appearance of the resolution the friends of the scheme started to work, and those who opposed it lost no time in getting a remonstrance in circulation. It was given out at the time, and published exclusively in the DEMOCRAT, that all but six of the property owners on the street proposed to be paved had signed the remonstrance, and they rested easily on their oars, believing the matter was dead, at least for the present.

At the next meeting of the council, at which the remonstrance should have been presented, it was not forthcoming, nor had the clerk seen it.

It is announced today that the paper was filed, but too late to be effective, the law requiring that remonstrances shall be in the hands of the city clerk within ten days from the date of first publication of the resolution.

According to one member, it is now the duty of the council to pass an ordinance providing for the paving of East Fifth street, and it is thought that such a measure will be introduced at tonight's meeting.

A property owner on the street said should the council take the action outlined above it would produce no end of litigation, as he knew the remonstrance had been circulated and had been signed by himself and four-fifths of the other owners, and that, while their agent had been lax in his duty, he did not believe the council should override the wishes of the people.

Resolutions Adopted.

At the meeting of the Baptist Sunday school yesterday, resolutions were adopted thanking Receiver Mitchum and Superintendent

Inge, of the narrow gauge, the people of Warsaw and the newspapers of both Sedalia and Warsaw, for their part in the success of the excursion to Warsaw a few days ago. One hundred and twenty-five dollars of the net receipts were applied to the debt of the church, the balance, \$26, to be used in buying new hymn books for the auditorium.

WANTS BIG DAMAGES.

George Brill Sues F. H. Eastey and O. B. Caldwell for \$10,000.

George Brill, by his attorneys, Montgomery & Montgomery, today began suit by petition filed in the office of the clerk of the circuit court against F. H. Eastey and O. B. Caldwell, comprising the late firm of Eastey & Caldwell, and asks \$10,000 damages for injuries received by falling through an elevator shaft at the defendants' book and wall paper store, 208 Ohio street, March 13, 1895.

The petitioner states that he went to the store on the date named to buy some wall paper. He was taken in charge by a salesman, who started with him to the second or third story, where the wall paper stock was located. Stepping to the elevator shaft, the clerk opened the door leading to the cage and moved to one side to allow Mr. Brill to enter. The light being imperfect, the petitioner did not notice that the cage was not there and stepped into space. He fell to the basement floor, some eight or ten feet below, and received permanent and lasting injuries, for which he asks damages in the sum named. Mr. Brill also filed an affidavit setting forth that he was unable to pay the costs of the suit and asking to be allowed to sue as a poor person.

Going Across the Lakes.

Mrs. Kate Hawkins and Mrs. Hattie Paff will leave tomorrow night for Chicago, where they go to join Mrs. P. G. Stafford, who is already there. On Wednesday morning the ladies will take a steamer for Buffalo, and will visit all the noted resorts in that region. They expect to remain away until about the first of September.

Brooks' Case Set for July 24.

The case of the State vs. O. M. Brooks, charged with having obtained \$300 from J. R. Myers by false representations, was today set for July 24, in Justice Fisher's court, and the defendant was released on bond. It is said a second criminal warrant will be issued against Brooks, growing out of the sale of his stock to Myers.

Crippled His Hand.

Jewell B. Freeman, one of the Future Capitals' pitchers, is carrying his right hand in a bandage today, the result of a fall in practice yesterday, which resulted in two of his fingers being badly sprained. He pluckily played ball, however, despite the fact that he suffered much pain every time he grasped a bat or caught a ball.

Sam Gilman at Galesburg.

Sam F. Gilman is at Galesburg, Ill., this week, but will not start either Luna or Minnie Higgins there. The fact is Luna, owned by Charlie Hartenbach, injured one of her knees en route to Red Oak, Iowa, and has not been in condition to race since then.

An Appreciated Present.

Evan Williams was 24 years old last Saturday, and in honor of the occasion his father, D. M. Williams, presented him with a handsome horse and buggy, in consequence of which John S. McGaw will now have to take a back seat.

Mrs. Pickard's Funeral.

The funeral of Mrs. Joseph Pickard took place from the Christian church yesterday afternoon, Rev. J. S. Myers conducting the burial service, and the remains were accompanied to the cemetery by a large number of sorrowing friends.

City Council Tonight.

The regular semi-monthly meeting of the city council will be held tonight, when bids for the paving of Fourth street will be opened, but the contract will not be awarded until the injunction suit is disposed of.

The Normal Institute.

The second week of the Pettis County Teachers' Normal institute opened today with a splendid attendance, and even more profitable sessions are looked for this week than last week.

BUGGIES SMASHED.

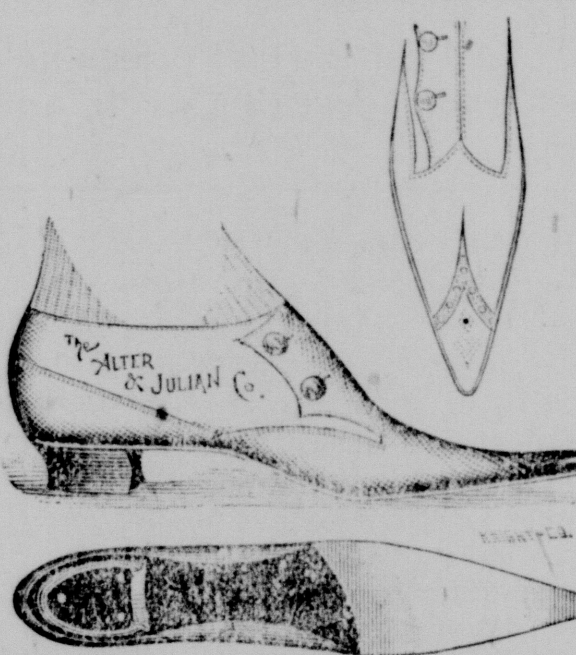

Serious Accident Caused By Careless-
ness In a Funeral Procession.

Yesterday afternoon, while a funeral procession was following the remains of Mrs. Julia Pickard to the Christian church, a man driving a double team drove across the line of march, which threw the procession into disorder.

The buggy containing Mrs. Chas. Bailey, wife of the assistant chief of the fire department, was overturned and two wheels broken. Mrs. Bailey was thrown to the pavement and was considerably bruised.

Mrs. Geo. Beard and Mrs. Gid. Gouge were in another buggy, which was overturned, and both ladies were thrown out. Their buggy was broken.

The fellow who caused the

trouble, whose name could not be learned, cut across the line of march out of Lafayette avenue so suddenly that the horse driven by Mrs. Bailey was thrown on its haunches. The team behind ran into her buggy. The accident occurred at Fifth and Lafayette, the man causing the trouble driving on down the latter avenue.

Against a Sedalia Concern.

Deputy Sheriff Gardner today served upon W. F. Hansberger, trustee for the Equitable Loan and Investment company, and upon its president, James Doyle, a summons from E. T. Pennington, collector of Johnson county, for some taxes due upon land owned by the corporation in that county.

The Favorites Won.

The Browns and Favorites played a game of ball on East Sixteenth street yesterday afternoon, the Favorites winning by a score of 15 to 7. As each club has now won a game, the tie will be played off next Sunday.

Statement Filed.

O. P. Harris, clerk of the Lamonte school district, today filed in County Clerk Lower's office the annual statement of the district, which will be printed in the Lamonte Record.

Birth of a Son.

A son was born at 4:30 this morning to the wife of George Stott, a machinist at the Missouri Pacific shops. Mr. Stott resides at 215 East Saline street.

Now a Notary.

George B. Dent, of the Commonwealth Land and Development company, today qualified in the county clerk's office as a notary public.

Take your children to Forest park this afternoon and let them breathe the pure country air for a few hours.

ALMOST KILLED.

A "Katy" Brakeman Assaulted by
Three Tramps at Moberly.

Henry Newcomb, a freight brakeman on the M., K. & T., who resides with his father at 811 East Thirteenth street, was terribly assaulted by three tramps at Moberly Saturday night, and now lies in a dangerous condition at the company's hospital here.

Mr. Newcomb is unable to talk, but seems to know what is said to him. From the best information obtainable, it seems that he undertook to drive three tramps from an empty box car in his train.

The train was standing in the yards at Moberly waiting to go out. Mr. Newcomb was either assaulted by the tramps in the car, or was thrown out and assaulted by a confederate outside.

He received a badly lacerated wound of the nose and forehead, a contusion of the right shoulder and left side of the neck.

An iron bar with blood on it was picked up at the spot where the as-

sault occurred, and this, likely, was the instrument used to make the ugly wounds.

The three tramps were arrested by the Moberly authorities, but they all deny any knowledge of the cause of Mr. Newcomb's injuries.

The wounded man was brought to the hospital yesterday morning.

After Pastor Myers.

Rev. Oscar Sweeney, pastor of the Christian church at Sweet Springs, will meet with the official board of the Sedalia Christian church tonight, and ask for the services of Rev. J. S. Myers, pastor of the church, in a two weeks' special meeting to begin soon at Sweet Springs. Mr. Myers has promised to go if the board's permission can be gained.

Back from the West.

Frank Jay Gould, Miss Helen Gould and other members of the party, accompanied by General Manager W. B. Doddridge, will arrive in St. Louis this morning by special train over the Missouri Pacific, says today's Republic. They will be received at the Union station by Vice President Warner or someone representing him.

Sunday School Excursion.

At tonight's meeting of the Sunday school teachers of the Christian church, the date of the proposed Sunday school excursion to Warsaw will be fixed. It is not even certain that the place will not be changed to Pertle Springs or the artesian well at Clinton.

Webb City Won.

At Webb City, yesterday, the home team defeated the Winfield, Kas., club by a score of 12 to 10. The largest crowd of the season was present.

The Date Changed.

The band orchestra concert and dance at Forest park will be given tomorrow night instead of Wednesday night.

A VERY TAME GAME.

The Future Capitals Defeated the H.
& K. Club 12 to 7.

Yesterday's game of ball between the Future Capitals, of this city, and the H. & K. club, of St. Louis, was not a scientific exhibition of the great national game. The home team, with two or three exceptions, appeared to be afflicted with that "tired feeling" that frequently follows the failure of the "ghost" to walk on pay day, and in consequence the snap and dash that characterized the game of the previous Sabbath with the Sleepy Hollow club was conspicuous by its absence.

Harrison started in to pitch, but he was struck on the finger by a pitched ball while at the bat in the second inning and was relieved by Johnson, who held the visitors down exceedingly well.

Roach was all right behind the bat, except in one instance, when he lost his temper, with a runner on first base, and gave the ball a kick into the infield, which brought forth criticism from every spectator. Bobby Swearingen at third had an "off" day, making no less than three fumbles; while Harry at short made a rank muff of a fly and also fumbled one or two balls. Freeman dropped a dead easy fly in right field, and Gatlin was not up to his usual standard on first. Duple, the new left fielder, showed up well.

For the visitors, the pitcher was exceedingly wild, and only good backstop work saved him. They hit neither Harrison nor Johnson to amount to anything. Had the Capitals played their usual game, St. Louis would have been shut out. Following was the score by innings:

A Wreck on the Pacific.

Engine 914, pulling local freight No. 121, Conductor Alcorn, ran off a safety switch in the Warrensburg yards at 9:30 this morning, and turned partly over. The wrecking outfit was sent to the scene of the accident. The main track was not blocked, and the passenger trains came through on time.

Two Cases in Court.

In the police court, this morning, Sam Fleming, colored, was fined \$2.50 for having disturbed the peace, but was given a stay of execution. John Kane, for a plain drunk, paid \$2.

THE DEMOCRAT, SEDALIA, MO.

OFFICE, 307 Ohio Street. Telephone 232.

The corn crop of Central Missouri promises to be the largest in many years and business men are confidently counting upon good times.

The tariff will not be an important issue in the campaign because the inexorable logic of events has cut the foundation from under the McKinley doctrine.

The Hannibal Journal interviewed 110 workmen the other day and 106 of them favored free coinage of silver, while four were for the single gold standard.

SEDALIA should, and probably will, be ready to put up the capital guarantee as soon as the courts dispose of Jefferson City's injunction proceedings. This will give more than a year's campaign before the people of the state and will be sufficient to make Sedalia's majority almost unanimous.

If, as is alleged, Secretary Lamont is out west to work up a third term boom for Grover Cleveland, he will have his labor for nothing. There is no good reason why the customs and traditions should be set aside in favor of Mr. Cleveland. There is not a state in the union that will send a Cleveland delegation to the next national convention.

THE arrogance of the "Sound Money Club" is becoming disgusting. These gentlemen assume that the people of Missouri need "education on the money question" and clamor for a long campaign. They seem to forget that Missouri people have been studying the silver question for sixteen years and understand the subject about as well as the gentlemen who have undertaken the task of "educating" them.

THE Detroit Free Press calls attention to the inconsistencies of the New York moral reformers. In New York City on Sunday of last week the saloons were closed and it was impossible to get a glass of beer without eating a meal with it, but the barber shops were run wide open. In Rochester, a city in the same state and governed by the same laws, the saloons were run wide open but the barber shops were closed up tight and it was impossible to get a shave for love or money.

WHAT a grand thing it would be for the country, says the Republic, if all labor troubles were settled as quickly and harmoniously as those of the Amalgamated Association of Iron Workers. Their spokesmen had a meeting the other day with a few representatives of their employers and in a little while a schedule of prices had been agreed upon which insures over 100,000 iron workers steady employment at good wages for an entire year, at the same time securing the employers against strikes for a like period.

THE recent organization in St. Louis of what is called a "sound money" club, says the Boonville Democrat, is an additional reason why the "honest money" democratic editors of Missouri should meet for consultation. This St. Louis club is backed by the administration at Washington and by unlimited means. An active canvass of the state in the interest of the single gold standard and to perpetuate the great crime of 1873 upon the people, are among the objects they have in view. It is the duty of the democrats of this state who are opposed to gold monometallism to prepare for resistance by organization, by speakers, and by the free distribution of literature advocating the rights of the people. We, there-

fore, hope to meet at Sedalia on the 23d, not only the able democratic speakers who have been invited to attend, but a very large number of our contemporaries of the democratic silver press.

THE proposed convention of Missouri democrats, if undertaken in the right spirit, can be made the means of harmonizing conflicting elements in the party and perfecting an organization that will return Missouri to the democratic fold with her old time majority. The DEMOCRAT does not believe there are any serious differences among Missouri democrats on doctrinal questions, when they thoroughly understand each other. Very few democrats follow Secretary Carlisle and the administration in advocating gold monometallism, and the democrats who favor two kinds of redemption dollars of different commercial value are scarce indeed. The great majority are honestly and sincerely in favor of bimetalism—the coinage of gold and silver at a fair and honest ratio.

CHRISTIAN LECTURESHIP.

Annual Meeting of Missouri Christian Preachers at Paris.

The annual meeting of Missouri lectureship of the Christian church will begin at Paris tonight, and will continue three days. These meetings are greatly beneficial to the church at large, and the attendance is always good. The following are going from the Christian church in this city: Rev. J. D. Hamlin, formerly assistant pastor; Mrs. N. H. Gentry and her father, Mr. Carter.

Rev. George L. Bush, pastor of the Christian church at Windsor; Rev. A. W. Davis, pastor of the Christian church at Warrensburg, and Professor C. H. Dutcher, of the Warrensburg normal school, joined the party here.

A THIEF ESCAPES.

Judge Clark's Home, Near Otterville, Burglarized Yesterday.

About 4 o'clock Sunday Judge T. B. Clark and family returned home, one mile west of Otterville. The door was open and a burglar up stairs.

When Judge Clark and his son, Henry, started upstairs the thief jumped out of a window. Henry snapped a shotgun at him twice, but he escaped into a cornfield.

On examination it was found he had exchanged for a new suit, and had taken a razor and a 32 Smith & Wesson pistol. A baseball game being near at hand, 40 men were soon on the trail, but the thief escaped.

"How to Win."

Rev. J. S. Myers and the Young People's Society of Christian Endeavor of the Christian church last night began a series of meetings for the benefit of the society, on "How to Win." Mr. Myers delivers a thirty-minutes' lecture in the lecture room. The subject last night was "How to Win in Business." The following subjects have been announced: "How to Win in Seeking Pleasure," July 21; "How to Win in Choosing a Wife or Husband," July 28; "How to Win in the Social Life," August 4; "How to Win in Politics," August 11; "How to Win in the Home," August 18, and "How to Win in the Christian Life," August 28.

Prostrated by the Heat.

Mrs. Robert T. Richards, wife of the Missouri Pacific conductor, was prostrated by the heat at the cemetery yesterday afternoon, while attending the funeral of Mrs. Jos. Pickard, and had to be taken home, where she remained unconscious more than two hours. Dr. S. K. Crawford attended her, and today her condition is greatly improved.

Painting the Hotel.

Geo. E. Dugan has a force of men at work painting the outside of Hotel Kaiser. It will be given three coats, of a dark drab color, which will greatly improve its appearance.

Additions to the Church.

At the evening service at the Christian church last night, four members were admitted to fellowship—two by letter and two by baptism.

Be sure and see Chas. Carroll, of the Electric railway, before buying electric fans and motors, as it will be to your advantage.

REMARKABLE SUCCESS

At the World Medical Institute—Patients Who Had Failed Heretofore Have Received Prompt Relief from Their Treatment.

In the first place it is not only absolutely essential that you should have the most skillful and scientific physicians, but the best and purest remedies suitable to your case regardless of their cost. Cheap remedies are dear at any price and positively injurious to your system. There are hundreds, yes thousands, in your midst, who are suffering, weeks, months and years, because they do not know where to go to get successful medical treatment. The papers are full of glaring advertisements of patent medicines, as well as quacks, who practice frauds and deception, who give their patients a cheap decoction, you had as well take pure water, which would be preferable, when you are sick. It is a cure you want and have a right to, when you pay for it. The physicians of the World Medical Institute set about to do something to correct this wrong, they have corrected it to a large extent in Kansas City and vicinities by curing many hundreds who thought their case to be incurable, but where agreeably surprised to find, after a few months' skillful and honest treatment, that they have been restored to health again. If you are suffering go to the World Medical Institute, Marean block, Sedalia, where you won't have to pay out your money unless you can be cured, as they will not accept any case that is not curable. No man or woman need suffer in this enlightened age. The method of treating the large number at minimum price, with one month free, has placed a cure within the reach of all.

Mr. H. W. Farren, formerly of Springfield, now of Kansas City, Mo., says, "I take this method of informing the public and the afflicted, in particular, that I was an invalid for years and had during that time been treated by a number of physicians but found no relief but grew worse and continually weaker, my entire nervous system was apparently wrecked and every organ in my body was to some extent affected, I was induced to place my case in the hands of the physicians of the World Medical Institute, as a last resort and I am now only too glad to publish the facts. That I am wholly restored to health and advise every body who is afflicted to go and consult them and get a medical treatment that is valuable, and I firmly believe you will be as fortunate as I was, if you follow their directions and take the remedies a sufficient length of time. These physicians are experts in the highest sense of the word. Their qualifications are the best the world can give; their experience extends over years, in which they have held the esteem, respect and confidence of a large clientele of patients. These doctors not only have the knowledge of the ordinary practitioners, but have a peculiar faculty of quickly discerning the true cause of all human disorders and meeting them with common sense and effectual measures. Their examinations are thorough; there is no hesitancy, uncertainty, or I guess you have this or that trouble, with them—they know."

Specialist in Nervous and Chronic Diseases and Deformities of men, women and children; Asthma, Bronchitis, Catarrh, Rheumatism, Paralysis, Epilepsy, Diseases of the Heart, Liver, Stomach, Kidneys, Bladder, Blood and Skin.

Office, Marean block, Sedalia, Mo. Hours, 9 a. m. to 8:30 p. m. Sundays, 9 a. m. to 4 p. m.

Rain at St. Louis.

The fast mail train left St. Louis in a heavy fall of rain at 3 o'clock this morning, and the edge of the storm was not reached until Pacific had been passed. The downpour was tremendous for a few minutes.

The morning express from St. Louis, due here at 3 o'clock Sunday morning, passed through a heavy rain storm about two miles from town. When the train reached the union depot water was still running from the tops of the cars. The stars were shining here.

Invest Your Change.

A silver quarter is about as much as some people care to invest in medicine for immediate use. Spend this sum for a package of Simmons' Liver Regulator, powder. It's the woman's friend—cures Sick Headache in the right way, and quickly, too; just as good for Biliousness.

NECESSARY TO . . . CHANGE OUR PLANS

Our plan was to move into our New Store last week. Materials were delayed. More improvements than we first contemplated has delayed the work—the room is not ready and will not be for at least two weeks. No expense or time is being spared to make this the most attractive and best store room in the city.

The delay, however, means a better store—you will be pleased with that, and our promise is out to continue this

REMOVAL SALE.

Until such time as the stock is removed—you will be pleased with that also. 'Tis a favorable wind for you and means two or three weeks more of unparalleled bargains—and for the coming fall season the best store Sedalia has ever had.

Always this store's attitude is toward progress. It measures prospective achievements by retrospective ones. This spirit pervades all the store's doings.

Prudent people have become customers because the chances of saving in the prices and in the wear are best here—thus the store's business has reached its present status.

Your ideal—nor ours—may not be reached this year—will not, but we will fulfill our promise in not taking our hands off the work of bringing it to that, and as speedily as possible.

More and better bargains this week.

Successful Excursions.

The excursion train from St. Louis arrived at 1:20 yesterday afternoon, with 270 passengers aboard. The train from Kansas City arrived at 11 in the forenoon, with 150 people. The excursionists spent the day on the streets and at the two parks, many of them witnessing the ball game at Association park. The trains departed late in the afternoon.

A Pioneer's Recommendation.

Mr. J. W. Venable, of Downey, a pioneer of Los Angeles county, Cal., says: "Whenever I am troubled with a pain in the stomach or with diarrhoea I use Chamberlain's Colic, Cholera and Diarrhoea remedy. I have used it for years, know it to be a reliable remedy, and recommend it to every one."

Mr. Carnes Out.

Mont Carnes, depotmaster, who has been sick for some weeks, was able to be down town yesterday, but does not expect to return to work before the first of August. In the meantime, George Dubois is working during the day and Captain J. W. Grant at night.

Woman Thrown Out.

A horse attached to a buggy ran away at Dresden yesterday, just as train No. 6, in charge of Conductor Merrifield, came through that village. A woman sitting in the buggy was thrown out, but Mr. Merrifield could not tell how badly she was injured. The vehicle was wrecked.

RAILROAD RUMBLE.

New Engines Being Built for the M., K. & T.

"DAD" LEACH IMPROVING.

Items of Interest Picked Up From Various Sources for the Benefit of "Democrat" Readers.

Seven big passenger locomotives and two large freight engines are now being built at the Baldwin Locomotive works for the Missouri, Kansas and Texas railroad, says the Philadelphia Inquirer. The large amount of travel on this road makes it necessary to use very large, heavy engines in running the fast express trains. Those now in course of construction will be equipped with 19x26 cylinders, will have two pairs of driving wheels, and will weigh about 126,000 pounds. There will be about 76,000 pounds' weight on the driving wheels. These engines are guaranteed to haul trains of eight cars at the rate of thirty-five miles an hour on a grade of fifty-six feet to the mile.

The two freight engines ordered at the same time as the others will be the same as those now used by the company for which they are being built. All of the nine engines will be shipped some time during July and will at once be started, running on the long lines over the prairies.

"Dad" Leach Growing Stronger.

Will Meyer, a hostler's helper at the west end round house, who has been in the Missouri Pacific hospital at St. Louis since the first of the month, returned home Sunday morning. He saw "Dad" Leach Saturday night, just before he left St. Louis, and reports the veteran engineer as getting along splendidly, building up rapidly and thinking of coming home soon.

Hospital Report.

The following patients have been admitted to the M., K. & T. hospital here since the DEMOCRAT's last report:

M. Jetton, boilermaker, Hillsboro, Texas, dyspepsia.

James Caldwell, section laborer, Whitecotton, Texas, rheumatism.

Otto Taylor, section laborer, Franklin Junction, intermittent fever.

Charles Ford, section laborer, Waxahatchie, Texas, lumbago.

L. Yoakum, crusher, LaBette, Kas., remitting fever.

H. A. Moore, painter, Parsons, wrench of left foot.

H. Dempsey, engineer, Franklin Junction, lame back.

F. Connelly, section laborer, Dallas, fever.

Coach, Cab and Caboose.

M., K. & T. car shop employees were paid today.

J. W. Conner, commercial agent for the M., K. & T., went to Fayette this morning.

S. K. Bullard, superintendent of telegraph for the M., K. & T., arrived from Denison this morning.

Dr. E. R. Hickerson, one of the local surgeons for the M., K. & T. at Moberly, was in the city yesterday.

Daniel Jones, the well known colored porter on the M., K. & E., returned this morning from a visit with friends in St. Louis.

Engineers Ed J. Moore and John Murphy, who have been laying off for ten days, will return to work tonight.

W. F. Somerfield, assistant claim agent for the M., K. & T., passed through from St. Louis to Windsor this morning.

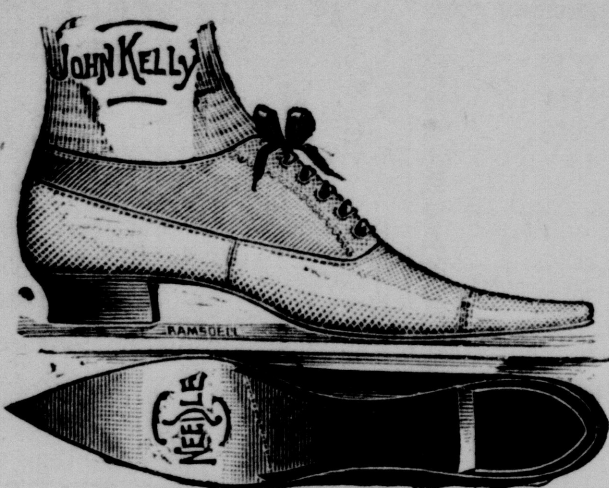

A. C. Miner, traveling passenger agent for the M., K. & T., returned this morning from Springfield and other points along the Frisco system.

Machinist Frank Berry returned to work in the Missouri Pacific shops, his daughter, whose serious illness called him out a few days last week, being very much better.

The Missouri, Kansas and Texas general passenger office is in receipt of an endorsement from the delegates to the Christian Endeavor convention, which it handled to St. Louis in a special train, and is very proud of it.

Conductor J. C. Berry, of the M., K. & T., leaves Parsons today for Geneva, Iowa, where he will attend a reunion at his old home on the 17th, the occasion being the eightieth birthday of his father.

H. A. Daniels, the Missouri Pacific engineer, and son, Mark, returned yesterday from a visit at Kenosha and other points in Wisconsin. While absent Mr. Daniels attended a reunion of old schoolmates at Kenosha and had a delightful time.

NOT A DRY SUNDAY.

Seven Saloon Men Arrested for Violating the Law.

The visit of Governor Stone to St. Joseph last Monday seems to have stirred up the police commissioners, for they gave orders last Saturday night to the police to make the Sabbath a dry one.

The bluecoats seem to have succeeded fairly well, as the saloons were more generally closed Sunday than for years. It was possible for the initiated to strike a drink with some circumspection, but the stranger fared badly. Seven saloon men were arrested during the day for keeping the back doors of their places open.

The saloon men are threatening to make things hot next Sunday, and claim they will shut down everything, even to the street cars.

Mr. Latimer Starts Home.

A Washington dispatch of the 14th says: "Mr. W. A. Latimer, the receiver of the failed national bank at Sedalia, Mo., has returned home after being here for several days in consultation with Comptroller Eckels in regard to the administration of that trust. The affairs of the bank are in a particularly tangled condition, and the comptroller and the receiver have been very much troubled over the disbursement of its assets."

The Value of Coins.

The value of gold coin is in its weight; the value of silver coin is the government stamp on it. The value of Simmons' Liver Regulator is the relief it gives from Biliousness and Sick Headache. A 25-cent package of powder has permanently cured many a one.

Wants Him to Locate.

Rev. J. S. Myers has discovered an old-time friend in Dr. Tucker, the oculist, recently arrived here, and is using every inducement to have him locate permanently in Sedalia. He is a splendid gentleman, Mr. Myers says, and will make a good citizen.

The Only Remedy in the World that Refunds Purchase Price if it Fails to Cure the Tobacco Habit in 4 to 10 Days is

NARCOTI CURE

It Cures While You Continue the Use of Tobacco.

The greatest discovery of the age! A certain, pleasant, permanent cure.

A lifetime's suffering ended for \$5.00.

Why smoke and spit your life away? Why suffer from dyspepsia, heartburn, and drains on your vital forces?

Stop using tobacco, but stop the right way! Drive the nicotine from your system by the use of this won't derful remedy.

NARCOTI-CURE is warranted to remove all desire for tobacco in every form, including Cigar, Cigarette, and Pipe Smoking, Chewing and Snuff Taking.

Use all the tobacco you want while under treatment, and in from four to ten days your "hankering" and "craving" will disappear—the weed won't taste good.

Then throw away tobacco forever. NARCOTI-CURE is entirely vegetable and free from injurious ingredients. It never fails to give tone and new vigor to the weakest constitution.

Remember NARCOTI CURE doesn't deprive you of tobacco while effecting a cure; doesn't ask you to buy several bottles to be entitled to a guarantee; doesn't require a month's treatment; and, finally, doesn't enable you to stop tobacco only to find yourself a slave to the habit of tablet chewing.

With NARCOTI-CURE, when you are through with tobacco, you are through with the remedy. One bottle cures.

Send for book of prominent testimonials like the following:

HUNTINGTON, Mass., March 18, 1895. THE NARCOTI-CHEMICAL CO., Springfield, Mass.

GENTLEMEN:—I have used tobacco for over twenty-five years, chewing and smoking every day from 7 a. m. to 9 p. m. stopping only for meals.

On Monday, February 4, I called at your office in Springfield, and bought a bottle of the CURE which I used as directed, and on the tenth day the desire for tobacco had left me and it has not returned. I did not lose a meal while taking the CURE. My appetite has improved and I consider NARCOTI-CURE a grand thing.

Very respectfully,

CHAS. I. LINCOLN.

Mr. Frank H. Morton, of Chicopee Falls, Mass., late Inspector of Public Buildings for Massachusetts, says:

I used tobacco for twenty-five years and was a confirmed smoker. In just eight days' treatment with NARCOTI-CURE I was through with tobacco. In fact the desire for tobacco vanished like a dream.

Very respectfully,

FRANK H. MORTON.

If your druggist is unable to give full particulars about NARCOTI-CURE, send to us for Book of Particulars free, or send \$5.00 for bottle by mail.

LYNCHED TWO NEGROES.

An Arkansas Mob Revenges a White Man's Murder.

CAMDEN, Ark., July 15.—About 12 o'clock Saturday night at Hampton, thirty miles east of here, two negroes were mobbed by seventy-five men. Two weeks ago a white man by the name of Martin was killed by three negroes. Two of them were arrested and confined in jail. A mob gathered several nights ago, but were persuaded to desist. Saturday night there was another gathering, and 75 determined men marched to the jail and demanded of the sheriff the surrender of the murderers.

It was useless to resist such a force with but a handful of men to summon to his aid, so the keys were delivered to the mob. The culprits were carried to the neighboring forest and hanged to trees. The men were not masked, and made no effort to conceal their identity. Two years ago a race riot occurred in Calhoun county. The negroes greatly outnumbered the whites, and further trouble is expected.

Creditors Left Behind.

ST. LOUIS, Mo., July 15.—President George J. Porter, of the Security Loan company No. 2, with office in the Roe building, has gone to Chicago, and no one knows when he will return.

A receiver for the concern has been appointed by Judge Woods and an injunction granted restraining the company from transacting business.

For the past three weeks the home offices have been besieged by angry stockholders and creditors with no one but women typewriters and President Porter's son to receive them.

H. L. Gray, deputy state superintendent of building and loan associations, has investigated, and as a result a receiver was appointed. It is charged by Mr. Gray that the funds have been misappropriated and misapplied.

The Colored Basket Picnic.

The basket picnic at Forest park yesterday, under the auspices of the African M. E. church, was well attended, participants being present from nearly all of the surrounding towns. All took their dinners with them and ate in the beautiful grove, many not returning until late in the evening.

FITZ HAD A DREAM.

Thought He Knocked Corbett Out In Two Rounds

AND NEARLY KILLED HIM.

The Story Related By "Kangaroo Bob" to Mike Donovan, the Athletic Instructor.

The great Fitzsimmons, who has undertaken to remove Mr. Corbett from the championship, has dreamed a dream. If Corbett or his backers are superstitious, let them beware—that is to say, unless they dream that dreams go by contraries, in which case they may cheer up.

Fitzsimmons told the dream to Mike Donovan, who trains the New York Athletic club men how to box. He is the greatest boxing professor in America. He taught Corbett how to bet Sullivan and has fought many men himself, but is too wise a man to be anything but respectful when he hears about a dream. He listened with interest while the dream was told, and this is what he heard:

"Mike, I never dreamed that I knocked a man out that I did not do it, and if I dream I fight a draw, then I see it. Last night I dreamed that I knocked Corbett out. It was this way.

The great Fitz stretched himself out on the floor in all his fine clothes, closed his eyes and seemed to be asleep.

"Mike," said he, sitting up, "I was sound asleep like that. I thought I was in a ring somewhere, upstairs in a gallery, and I was fighting Corbett. At first we sparred with one another, just trying to see what each other was going to do. That was the first round. In the second (Here Fitz sprang to his feet and dealt the air a terrible blow) I caught him like that (indicating that was to be the point of Corbett's jaw). He went down like this: (Here Fitz fell in a heap and rolled his eyes up toward Prof. Donovan, and said solemnly): Mike, he was out. I waited till they counted the seconds and then ran down to my dressing-room, thinking of sending the telegram that I would send my wife."

"That was right," said Donovan, "to think about your wife at such a time, but don't let this carry you away or make you neglect your training."

"Hold on, Mike, that's not all. I was in my dressing room and had my clothes half on, when a man rushed in and said, 'Fitz, don't leave this place; you have killed that man.' You can imagine how I felt about that. I held my trousers up with one hand and ran upstairs without waiting for anything. There was Corbett laying all huddled up in a little cradle about three feet long. He had grown small and all shrunk up just like a baby, and he was dead sure enough. But I began to stroke him, hoping to bring him to. I stroked his hands and arms, and by and by he opened his eyes and cursed me as I hope I will never be cursed again. But you can bet I was glad to hear the curse, for then I knew he wasn't dead. I ran down stairs and telegraphed my wife: 'Knocked Corbett out in two rounds, and he ain't dead.'"

That was the end of Mr. Fitzsimmons' dream. He concluded as he begun, with the words: "Mike, I never dreamed that I knocked a man out that I didn't do it." So let Corbett beware unless he thinks dreams go by contraries.

GOING TO TEXAS.

The "Republic's" Party Passed Through Sedalia.

As anticipated in the SUNDAY MORNING DEMOCRAT, the St. Louis Republic's special party, en route to Texas, passed south on M., K. & T. train No. 3 Sunday morning.

The special car, No. 26, bore upon either side huge banners reading: "St. Louis Republic Tour of Texas." Interwoven with the lettering were shocks of wheat, ear-bearing stalks of corn and pods of cotton in full bloom. At each end was either the coat of arms of Missouri or of Texas.

There was also a special dining car, No. 15, in which were the following passengers: A. K. Hammond, C. F. King, John M. Nuckols, jr., Charles Champe, James Barker, G. P. and T. A. of the M., K. & T. railroad, and General Auditor Geo. J. Pollock.

Inside the cars every convenience

to make the trip enjoyable had been provided. The observatory end of No. 26 was strewn with books and magazines, and arm chairs and sofas added much to the tourists' comfort.

The pantry of the dining car was stocked with all the delicacies of the season. Fruits and berries will be secured en route, and nothing will be left undone by the chef, Colonel Smith Overton, to make the gastronomical department a delight to the inner man.

The buffet was stocked with the best cigars, and enough crystal water was put aboard to allow the party not only a full supply of drinking water, but enough to take morning "tubs," if desired. John Christian was the autocrat in charge of this car and he seemed to be in a happy mood as the train pulled out.

THE ENCAMPMENT.

Colonel Caffee Writes Encouragingly of Sedalia Hospitality.

Lieutenant Beck, in charge of the floral arrangements for the encampment of the Second regiment, to begin here August 4th and continue until the 11th, received a letter this morning from Colonel Wm. K. Caffee, commanding the regiment, with some details as to the meeting. In the course of the letter Col. Caffee remarks:

"More interest is being manifested by every company in the coming camp than any previously held, and I hope for an unusually successful meeting. I know Sedalia will make us feel at home. She can do that with no effort; such things come to your people naturally."

The local interest is good. Company D is being drilled to perfection. Until after the encampment no recruits will be received, and two or three drills a week will be held, thus putting the company in first-class shape. Lieutenant Beck will begin the active work of getting the camp ready in a couple of weeks.

SLASHED HIS ABDOMEN.

Brakeman Kimmons Probably Fatally Stabbed by a Tramp.

Last Saturday evening freight brakeman C. J. Kimmons, of the Missouri, Kansas and Eastern, was taken to St. Louis in a seemingly dying condition from knife wounds received at the hands of a tramp near Black Walnut station. The tramp, who was arrested by the train crew, after the affray, was locked up at the O'Fallon Park police station, and Kimmons was taken to his home, 6124 North Broadway, St. Louis.

The tramp gave the name of John McCarthy. He was discovered by Kimmons stealing a ride on the freight train, and when Kimmons attempted to eject him, plunged a knife into the brakeman's abdomen, penetrating the cavity. McCarthy was overpowered after a struggle. He refused to make any statement to the police of the mounted district.

One of Sedalia's Sensations.

It seems that in Sedalia a woman has actually used an umbrella in assaulting a man, says the St. Louis Post-Dispatch. Even in her most peaceful moods a woman with an umbrella is dangerous, and when she takes it in hand as a weapon, with her feelings wrought up, the man with presence of mind to escape her by rushing through a rear door is capable of dodging any sort of peril.

SPENT \$200 FOR WINE.

A Young Man From Interior Missouri Makes Things Hum.

James Thompson, a young farmer who lives near Fayette, Mo., came to Kansas City last Sunday to see the town and visit some friends, says the Star.

He had \$600 in gold and two \$100 bills in his pocket, and in his wanderings about town soon acquired the reputation of being liberal. He spent about \$50 during the first two days and on Tuesday evening he concluded to see the sights at Alderman Martin Regan's "teetayer."

A friend who was with him advised him to be cautious, but young Thompson had started out to do the town thoroughly and was determined to have his own way. The alderman's place of amusement is managed in much the same way as the old Fountain theater, which made the alderman notorious.

Among the liquors sold in the boxes is an article kept in small bottles on which is inscribed this legend, "Grand Mousseaux Chateau de Pierland, Carte Argent." It is sold at \$5 a bottle and is said to resemble a mixture of hard cider and bad whisky both in taste and in its intoxicating effects, though at Regan's it is called champagne.

Young Thompson began to order champagne and drink to the health of everybody. His invitations to drink were very generally accepted and after buying a half dozen bottles he lost his count and will never know just how many bottles he bought. Toward midnight he became so drunk that he couldn't even object when his friend insisted that he should go home. He was taken outside, and, after much noise and loud singing, loaded into a hack, which started east on Eighth street.

Meantime there had been a call for the patrol wagon, and a race to the east side of town was begun. The patrol wagon finally overtook the hack and the passengers were taken to the police station for safe-keeping. When searched Thompson's pockets were found to contain just \$540. He had disposed of \$210 in the alderman's place, but as he would not accuse anyone of robbing him no arrests were made.

A CRUEL JOKE.

A Windsor Party Played It On a Boonville Couple.

Last Saturday some person or persons on mischief bent directed their arrows of fun at John Schieberl and wife by sending a telegram to Mr. Schieberl's father and mother at Boonville, Mo., stating that John's wife was paralyzed, says the Windsor Republican.

The old couple received the news with consternation, and Mrs. Schieberl and Mrs. Stretz, mother of Mrs. Schieberl, boarded the first train for Windsor, arriving here on the 8:15 train.

Mr. and Mrs. Schieberl, jr., were enjoying ice cream at Stettmund's parlors and were not aware of their guests' arrival until Mrs. Schieberl and Mrs. Stretz appeared upon the scene at the ice cream parlors. Their relief to find Mrs. Schieberl in full possession and use of all her faculties and with not the slightest attack of paralysis was great.

Who could have sent the telegram still remains a mystery, and Mrs. Schieberl and Mrs. Stretz returned home Sunday evening. They enjoyed their visit, but did not relish the manner in which they were brought here.

"We had an epidemic of dysentery in this vicinity last summer," says Samuel S. Pollock, of Brice-land, Cal. "I was taken with it and suffered severely until some one called my attention to Chamberlain's Colic, Cholera and Diarrhea remedy. I procured a bottle and felt better after the first dose. Before one-half of the bottle had been used I was well. I recommended it to my friends and their experience was the same. We all unite in saying it is the best."

CAPITAL REMOVAL.

Answer Filed to the Capital Removal Injunction Suit.

Secretary of State Lesueur has filed, through Attorney General Walker, his answer to the suit filed to enjoin him from placing the amendment to remove the capital on the official ballot. He gives his reasons as follows:

1. Because said petition does not state facts sufficient to constitute a cause for action.
2. Because the facts stated in said petition do not entitle plaintiff to equitable or other relief.

Something New For Sedalia.

Why do you buy the old hard tough meat and send it home for your wife to cook and then complain with her because she has not made it tender, when you can buy meat that is already tender, made so by the cold storage process? We hold all our meat in cold storage until they become tender and juicy before we send it out. There is no use of any one in Sedalia having any difficulty with tough meat, for we can furnish you with something you will appreciate and you will have a meal you will enjoy. All we ask of you is to give us a trial, and you will fall right in line with the balance and buy your meat where you can get something fit to eat. We make a specialty of prime roast beef, and we guarantee every one of our roasts to be tender and juicy.

The reason our meats are so much better than you get elsewhere is because we have the largest cold storage, by half, than any two other markets in the city, and we can hold our meats long enough so they become tender. Any one who knows anything about meats knows what cold storage will do for it. It takes all the old hard tough substance from it and gives it a nice tender and juicy flavor. The old foggy way of butchering a beef to night and selling it out tomorrow, like it is being done by others, is why your meat is tough.

Leave word at our market and we will call at your house daily and get your orders, or telephone 120. NEWTON MEAT CO.

THE SCHOOL BOY

— is often a sufferer from headache. The seat of sick headache is not in the brain, for if you regulate the stomach and bowels you'll cure it. Too much brain-work and brain-dre brings on a rush of blood to the head with headache, dizziness or "nose bleed."

Miss BERTHA WOLFE, of Dayton, Ohio, writes: "I suffered from loss of appetite, constipation, neuralgia, and general weakness, and had terrible attacks of sick headache, very frequently, also nose bleed. My health was so poor that I was not able to go to school for two years. I took Dr. Pierce's Pleasant Pellets and 'Golden Medical Discovery,' and in a short time I was strong and well. Many friends are taking your medicines, seeing what they have done for me."

AN OCULIST WORTHY OF CONFIDENCE.

From the Columbia Herald.

Dr. A. J. Tucker, oculist from Chicago, has visited Columbia for the second time. The Doctor has done a wonderfully large practice in his specialty. He only expected to be with us a few weeks, but his success in the adjusting of glasses and eye treatment has made an increased demand for his services, and so he has been compelled to remain in Columbia two months. It seems since he has been coming here that about one-half of our people are wearing glasses. Not only in the fitting of these glasses is the Doctor a success, but in treating and operating on the eye. Some of his cases are causing considerable enthusiasm among physicians as well as the people. One case we notice in particular was the boy of Mr. Shockley, who had been unable to attend school, and had spent a great deal of money for treatment for several years, receiving no benefit. Dr. Tucker treated his eyes and adjusted glasses for him last year, after which in two week's time the boy started to school and has been in regular attendance since. Mr. Shockley is loud in his praise of the Doctor.

We have talked with many of Dr. Tucker's patrons and find them all well pleased with both the Doctor and his work.

Our physicians and medical fraternity all endorse him and say they find him courteous and professional in every respect. Dr. Tucker is also well known all over the state, as several patients have come from St. Louis expressly to be treated by him. Patients have also visited him from Jefferson City, Fulton, Centralia, Sturgeon and other surrounding towns since his stay here.

We are glad to know that our people appreciate the difference between an oculist and a mere optician who sells and pretends to adjust glasses.

Maj. F. D. Evans, of the Boone County National bank, gives Dr. Tucker unqualified endorsement. "I am greatly pleased with the work of Dr. Tucker," said Maj. Evans.

F. C. Burch said: "Dr. Tucker having cured me of a case of granulated eyelids of several years standing, and fitted me with glasses, I take pleasure in saying that my eyes are entirely cured, and voluntarily recommend him to everyone having trouble with their eyes."

Several of the Herald office force, who have suffered from various afflictions of the eyes, have received marked benefit under Dr. Tucker's skillful treatment.

It gives us pleasure to make public these facts. We could print a page of testimonials from physicians, prominent business men and other citizens who give Dr. Tucker cordial endorsement.
